With construction activity increasing and significant changes to the revenue recognition model, it is more important than ever for accountants and financial managers to be on top of the very latest in accounting and auditing changes for the construction industry. This guide examines the most recent updates and key issues impacting construction accounting and auditing. It covers new changes as a result of FASB ASU 2014-09, it also explores the relationship between the contractor and the surety.

The 2007 edition of CIMA's Official Learning Systems has been written in conjunction with the CIMA faculty to fully reflect what could be tested in the exam. Updated to incorporate legislative and syllabus changes, the 2007 Study Systems provide complete study material for the May and November 2007 exams. The new edition maintains the popular loose-leaf format and contains: \* practice questions throughout \* complete revision section \* topic summaries \* recommended reading articles from a range of journals \* May 2006 Q & A's \* The official study systems are the only study materials endorsed by CIMA \* Updated to reflect changes in the syllabus and written by the Examiner and CIMA faculty \* Complete integrated package incorporating syllabus guidance, full text, recommended articles, revision guides and extensive question practice
