enough of an artist to draw freely upon my imagination. Imagination is more important than knowledge.

## ~~Albert Einstein Quotes (Author of Relativity)~~

In his famous paper on special relativity in 1905, Albert Einstein deduced that when two clocks were brought together and synchronized, and then one was moved away and brought back, the clock which had undergone the traveling would be found to be lagging behind the clock which had stayed put. Einstein considered this to be a natural consequence of special relativity, not a paradox as some ...
