spite of whites who didn't like the notion of a black lawman. Born into slavery in 1838, Bass had a hard and violent life, but he also had a strong sense of right and wrong that others admired. When Judge Isaac Parker tried to bring law and order to the lawless Indian Territories, he chose Bass to be a Deputy US Marshal. Bass would quickly prove a smart choice. For three decades, Bass was the most feared and respected lawman in the territories. He made more than 3,000 arrests, and though he was a crack shot and a quick draw, he only killed fourteen men in the line of duty. The story of Bass Reeves is the story of a remarkable African American and a remarkable hero of the Old West.

In *No Crystal Stair*, Coretta Scott King Award-winning author Vaunda Micheaux Nelson combines meticulous research with a storyteller's flair to document the life and times of her great-uncle Lewis Michaux, an extraordinary literacy pioneer of the Civil Rights era. "My life was no crystal stair, far from it. But I'm taking my leave with some pride. It tickles me to know that those folks who said I could never sell books to black people are eating crow. I'd say my seeds grew pretty damn well. And not just the book business. It's the more important business of moving our people forward that has real meaning."

Born into slavery, Bass Reeves became the most successful US Marshal of the Wild West. Many "heroic lawmen" of the Wild West, familiar to us through television and film, were actually violent scoundrels and outlaws themselves. But of all the sheriffs of the frontier, one man stands out as a true hero: Bass Reeves. He was the most successful Federal Marshal in the US in his day. True to the mythical code of the West, he never drew his gun first. He brought hundreds of fugitives to justice, was shot at countless times, and never hit. Bass Reeves was a black man, born into slavery. And

President Kagame's regime, which seized power after the genocide that ravaged its population in 1994, is often held up as a beacon for progress and modernity in Central Africa and is the recipient of billions of dollars each year in aid from Western governments and international organizations. Lurking underneath this shining vision of a modern, orderly state, however, is the powerful climate of fear springing from the government's brutal treatment of any voice of dissent. "You can't look and write," a policeman ominously tells Sundaram, as he takes notes at a political rally.
