A blend of theory and counseling techniques, this comprehensive text provides readers with an overview of several major counseling theories and their application to substance use disorders and addiction counseling, along with related techniques and interventions. Chapters incorporate cutting edge evidenced-based research on neuroscience, psychological and sociocultural theories explaining the biopsychosocial influences of substance use disorders, and examine how substance use disorder risk factors can be utilized when assessing someone who may have a substance use disorder. The text additionally helps apply theory to practice, offering intervention techniques and using accessible case studies. Throughout the text, highlighted learning opportunities and key terms further help students to practice and apply the theories, interventions and techniques that the book discusses. Mental health professionals, undergraduate and graduate students alike will benefit from this deft mix of prominent theory, innovative research and accessible case studies.

Visual Communication for Architects and Designers teaches you the art of designing a concise, clear, compelling and effective visual and verbal presentation. Margaret Fletcher has developed a reference manual of best practices that gives you the necessary tools to present your work in the best way possible. It includes an impressive 750 presentation examples by over 180 designers from 24 countries in North America, South America, Europe, the Middle East, Asia, Oceania and Africa. This book offers actionable advice to solve a variety of complex presentation challenges. You will learn how to: Understand differences in communication design, representation design and presentation design and know how to use these skills to your advantage; Structure the visual and verbal argument in your presentation; Design your presentation layouts, architectural competitions, boards and digital presentations; Manage issues related to the presentation of architectural and design ideas; Present
