Because pyrotechnology was considered a demeaning craft, there is very little about its practice in ancient texts; our knowledge of early developments is based almost entirely on interpretation of artifacts recovered by archaeology during the past century and a half. Literature in archaeology and anthropology, however, tends to concentrate on the artifact found rather than on how it was produced - on the pot or spearhead rather than the kiln or furnace. There is thus surprisingly little information on the practice and importance of pyrotechnology. The Mastery and Uses of Fire in Antiquity, written by an engineer with fifty years of experience in industrial research and pyrotechnology, rectifies this lack. J.E. Rehder covers the kinds of furnaces, the nature of the fuel used, and the productions created - fired clay, lime from limestone, metals from the reduction of ores, and glass from sand. He also shows convincingly that previous arguments that early deforestation resulted from furnace use cannot be supported. The Mastery and Uses of Fire in Antiquity provides much-needed information for anyone interested in archaeology, anthropology, and pyrotechnology.

A dramatic environmental saga unfolds in Hart's compelling story of the fight to save Mono Lake, and ancient inland sea in located in the eastern Sierra Yosemite National Park. Hart integrates natural, social, and political history into a story that is a source of hope for anyone concerned about the environment. Complementing Hart's narrative are stunning photos takes by many leading nature photographers, including David Sanger, Galen Rowell, and Betty Randall. 61 illustrations. 31 color plates.

The English Bible Time is a telephone ministry of Narashino Baptist Church (JAPAN), which aims at presenting the gospel in easy English to Japanese listeners. Visiting preachers and evangelists often take part as the host. Texts of this book have been selected from among a number of messages that Miss Cochran delivered on the telephone.

It's Dade's last summer at home, and things are pretty hopeless. He has a crappy job, a "boyfriend" who treats him like dirt, and his parents' marriage is falling apart. So when he meets and falls in love with the mysterious Alex Kincaid, Dade feels like he's finally experiencing true happiness. But when a tragedy shatters the final days of summer, he realizes he must face his future and learn how to move forward from his past.

This introductory textbook on Network Analysis and Synthesis provides a comprehensive coverage of the important topics in electrical circuit analysis. The full spectrum of electrical circuit topics such as Kirchoff's Laws Mesh Analysis Nodal Analysis RLC Circuits and Resonance to Network Theorems and Applications Laplace Transforms Network Synthesis and Realizability and Filters and Attenuators are discussed with the aid of a large number of worked-out examples and practice exercises.

After the incredible success of Animal, K ' wan is back with the second, bloody installment in the new Animal saga. Secrets are revealed, sides are chosen and bodies are dropped...it's on! The man ordered to take Animal from the world turns out to be the man who brought him into it. Animal finds himself torn between his hatred for the father who had abandoned him and the man who had taken everything from him. An uneasy truce is formed between father and son to take down a common enemy and finally grant Animal his freedom from the blood debt he's carried for so many years. But when the ghosts of Animal's past catch up with him he learns that nothing is what it seems, and everything is subject to corruption, even his love for Gucci.

An adaptation of 'Social Research Methods' by Alan Bryman, this volume provides a comprehensive introduction to the area of business research methods. It gives students an assessment of the contexts within which different methods may be used and how they should be implemented.

Lavender farmer Luc Bonet is raised by a wealthy Jewish family in the foothills of the French Alps. When the Second World War breaks out he joins the French Resistance, leaving behind his family's fortune, their home overrun by soldiers, their lavender fields in disarray. Lisette Forestier is on a mission of her own- to work her way into the heart of a senior German officer - and to bring down the Reich in any way she can. What Luc and Lisette hadn't counted on was meeting each other. When they come together at the height of the Paris occupation, German traitors are plotting to change the course of history. But who, if anyone, can be trusted? As Luc and Lisette's emotions threaten to betray them, their love may prove the greatest risk of all. By the bestselling author of The French Promise 'An enthralling, evocative read.' Woman's Day 'McIntosh writes a cracking tale that plunges you right into the heart of occupied Paris, the London Blitz and the rugged beauty of the South of France . . . it's hard not to keep turning the pages.' Indaily
