Though the villager's performance of The Chalk Circle is a parable for the kolchos' disputed valley, the broader play, The Caucasian Chalk Circle offers a way of thinking about ownership and property, and the individual's greater responsibility to the collective good, what Brecht called, a "potentially model attitude," in the context of rebuilding a European continent which had been devastated by war—in both land and spirit.

The Caucasian Chalk Circle The Caucasian Chalk Circle (1944)

Brecht projects an ancient Chinese story onto a realistic setting in Soviet Georgia. In a theme that echoes the Judgment of Solomon, two women argue over the possession of a child. Thanks to the unruly judge, Azdak (one of Brecht's most vivid creations) natural justice is done and the peasant Grusha keeps the child she loves, even though she is not its mother. Written while Brecht was in exile in the United States during the Second World War, The Caucasian Chalk Circle is a politically charged, much-revived and complex example of Brecht's epic theatre. This new Student Edition contains introductory commentary and notes by Kristopher Imbriggota from the University of Puget Sound, US, offering a much-needed contemporary perspective on the play. The introduction covers: - narrative structure: play about a play within a play ("circle") - songs and music - justice and social systems - context: Brecht, exile, WWII, socialism - notions of collective and class - fable and story adaptation, folk fairy tale

Written in exile during the Second World War, the story of Brecht's classic play subverts an ancient Chinese tale - echoed in the Judgement of Solomon - in which two women claim the same child. The message of Brecht's parable is that resources should go to those who will make best use of them. Thanks to the rascally judge, Azdak, one of Brecht's most vivid creations, this story has a happy outcome: the child is entrusted to the peasant Grusha, who has loved and nurtured it. Published in Methuen Drama's Modern Classics series, this edition features an extensive introduction, Brecht's own notes on the play and a full appendix of textual variants. It is the standard critical edition of the work in an acclaimed translation by James and Tania Stern with W. H. Auden.

A servant girl sacrifices everything to protect a child abandoned in the heat of civil war. Order restored, she is made to confront the boy's biological mother in a legal contest over who deserves to keep him. The comical judge calls on an ancient tradition - the chalk circle to resolve the dispute. Who

wins? A morality masterpiece, *The Caucasian Chalk Circle* demonstrates Brecht's pioneering theatrical techniques. This version by Frank McGuinness was first presented by the National Theatre in 1997 and revived in 2007, opening at the Gulbenkian Theatre, Canterbury, on 8 January.

"The Caucasian Chalk Circle is a parable inspired by the Chinese play *Chalk Circle*. Written at the close of World War II, the story is set in the Caucasus Mountains of Georgia, and retells the tale of King Solomon and a child claimed by two mothers. A chalk circle is metaphorically drawn around a society misdirected in its priorities. Brecht's statements about class are cloaked in the innocence of a fable that whispers insistently to the audience." "Eric Bentley's English versions are widely viewed as the standard renderings of Brecht's work, ensuring that future readers will continue to come in close contact with this playwright who introduced a new way of thinking about the theater." "Bertolt Brecht (1898-1956) is one of Germany's best-known playwrights. His social critiques, including *The Good Woman of Setzuan*, *Mother Courage and Her Children*, and *The Threepenny Opera*, resonate with modern audiences and continue to be frequently performed."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. The people of two farms in Georgia (Republic of Russia) debate over land ownership in a socialistic society. The play raises the question of private property; of who bears the right to ownership. Should something (someone) be owned by the one who possesses it? Or, by the one who can make the best use of it?

Bertolt Brecht's classic drama *The Caucasian Chalk Circle* centres on a trial to discover the true mother of a young boy, where two women, one rich, one poor, must risk killing him to prove their love. It tackles fundamental questions of human nature, social justice, law and lawlessness, love in revolutionary times, and the bond between a mother and her child. This clear and accessible study guide includes: - Author's biography and writing of the play - Synopsis - Scene-by-scene analysis and commentary- Introduction to Brecht's 'Epic Theatre' - *The Caucasian Chalk Circle* as an example of Brechtian Theatre- Conclusion: Major themes and overall interpretation- Topics for discussion

This updated Companion offers students crucial guidance on virtually every aspect of the work of this complex and controversial writer. It brings together the contrasting views of major critics and active practitioners, and this edition introduces more voices and themes. The opening essays place Brecht's creative work in its historical and biographical context and are followed by chapters on single texts, from *The Threepenny Opera* to *The Caucasian Chalk Circle*, on some early plays and on the *Lehrstücke*. Other essays analyse Brecht's directing, his poetry, his interest in music and his work with actors. This revised edition also contains additional essays on his early experience of cabaret, his significance in the development of film theory and his unique approach to dramaturgy. A detailed calendar of Brecht's life and work and a selective bibliography of English criticism complete this provocative overview of a writer who constantly aimed to provoke.

A morality masterpiece, *The Caucasian Chalk Circle* powerfully demonstrates Brecht's pioneering theatrical techniques. This version by Frank McGuinness was published to coincide with the National Theatre's production which toured the UK in 2007. A servant girl sacrifices everything to protect a child abandoned in the heat of civil war. Order restored, she is made to confront the boy's biological mother in a legal contest over who deserves to keep him. The comical judge calls on an ancient tradition - the chalk circle - to resolve the dispute. Who wins? This version by Frank McGuinness was first presented by the National Theatre in 1997 and revived in 2007, opening at the Gulbenkian Theatre, Canterbury, on 8 January.
