Fox Eades shows how storytelling is a crucial element of children's education that can enrich the school curriculum and encourage social and thinking skills. She discusses the different kinds of story that are useful in the classroom, and explores the impact of individual and group dynamics on the telling and reception of these stories.

"Presents concrete methods of incorporating storytelling by students of all ages into classroom practice to help teachers meet U.S. education standards of reading, writing, speaking, listening, viewing, and visually representing"--Provided by publisher.

Highlights major areas where storytelling is making a difference: in the teaching of reading, writing, history, science, and other subjects; in multicultural education and the creation of classroom communities; in improving students' emotional health; in enhancing children's grasp of our social and environmental responsibilities.

Stories and storytelling help children to develop emotional literacy, make sense of their world and appreciate different points of view. Fox Eades shows how storytelling is a crucial element of children's education that can enrich the school curriculum and encourage social and thinking skills. The author discusses the different kinds of story that are useful in the classroom context, including traditional stories, fairy tales and sacred stories, and explores the impact of individual and group dynamics on the telling and reception of these stories. She also considers recognised therapeutic uses of storytelling. She provides a series of sample stories and gives practical tips on adapting these to suit different situations and meet different needs. She also advises on a range of techniques such as using props, allowing 'reflection' time and prompting interaction. Sections on collective stories and the child as storyteller explain how children can be inspired to compose their own tales that offer opportunities to practise self-expression and negotiation. This practical and engaging book provides all the tools and techniques needed to use storytelling effectively, and will be an essential resource for primary school teachers and others working with children in educational contexts, social workers and parents.

Teacher trainers: What's in it for you? Inspiration and resources for creating training sessions on storytelling, online video, classroom communication, critical thinking, digital and media literacies, project-based teaching, and using video cameras ; an invaluable resource for your trainees to develop their classroom communication skills.

'Too afraid to have a go at oral storytelling in the classroom? This is the book for you!...The book guides you through choosing a tale you really enjoy, knowing your audience and not being afraid to adapt a tried and tested fairy tale' - Literacy Time 'This book is ideal for all adults working with children (mainly at primary level) and would be especially useful for those less confident or who are new to their role. It provides a great opportunity to practise an inspirational and creative approach to teaching and learning...I really enjoyed this book and took away much to think about' - Ruth Underwood, primary inclusion co-ordinator 'The ability level for this book is aimed at teachers teaching ages 5-11 and I'd say the author has it spot on. As an educational resource I rate this book highly and think it is a valuable read for all primary teachers.

“When the student is ready, the teacher will appear.” —Lao Tzu But is the teacher ready? That’s the question that haunts every teacher that fateful first day in the classroom. Making it through that day and the 179 school days that follow is how every career in education—and lifelong learning—truly begins. In this collection, fifty teachers share the trials, tribulations, and triumphs they’ve experienced during their first year on the job. Organized along the lines of the school calendar, these touching tales illustrate the learning curve experienced by new teachers: Facing Day One Meeting the Students Surprising the Students Bonding with Faculty and Staff Being Surprised by the Students Watching the Students Bloom Saying Farewell From the hilariously obsessive-compulsive preparation of a rookie English professor to the poignant lesson a bold third grader imparts upon his novice teacher about love and acceptance, this moving collection is sure to motivate new and veteran teachers alike.

This book is an exploration of story and its importance in early childhood. It provides a thorough theoretical foundation, and considers how to practically implement the use of stories to aid children's wellbeing and holistic development. The chapters cover topics including cognitive and emotional development, creativity, play, mathematics, language development, and trauma and healing. It is an ideal resource for early years practitioners, parents, and all those working in early childhood who are looking to encourage creativity, build agency and foster positive communication in children's lives.
