From 1923 until May 1948, Palestine was under a British Mandate. Beginning in 1927, on the Eve of the tenth anniversary of the Balfour Declaration, Palestine began producing its own money. The coins and banknotes that were legal tender during these two decades are especially interesting both to collectors and historians. A brief history of Palestine up to 1948 and information on the Palestine Currency Board provide background information. Complete numismatic information is then presented for each coin and banknote. Also covered are the mysterious 1927 Holyland Token, counterfeit issues, and vignettes of the religious sites featured on banknotes. Appendices present the text of the British Mandate for Palestine, catalog numbering

Online Library Coins And Banknotes Of Palestine Under The British Mandate 1927

systems for Palestine coins and banknotes, and a checklist for collectors. (The text does not introduce a new numbering system.) Color and black and white illustrations bring these beautiful pieces of currency, many now rarities, to life.

This book explains how archaeology is used in the politics and nationalism of the State of Israel through its stamps, coins and currency. Taking the reader from the pre-state years to the modern day, *Archaeology, Stamps and Coins of the State of Israel* catalogs and analyzes the Israeli government issued materials that employ archaeological motifs.

From Afghanistan to Zimbabwe, this comprehensive reference work covers the monetary systems of 203 countries and four confederations. It provides historical and orthographical information for all monetary systems according to country. Chronologies show the evolution of each monetary unit. Orthographies summarize the commonly accepted English spelling of the unit names (singular and plural) as well as known abbreviations and symbols. A glossary lists all the monetary units alphabetically, identifies their countries, and reveals the etymologies of the unit names.

Online Library Coins And Banknotes Of Palestine Under The British Mandate 1927 1947

The British Army's devastating effectiveness against colonial rebellion is exposed in this military history of Britain's pacification of the Arab revolt in Palestine.

Concerns about the place of Islam in Palestinian politics are familiar to those studying the history of the modern Middle East. A significant but often misunderstood part of this history is the rise of Islamic opposition to the British in Mandate Palestine during the 1920s and 1930s. Across the empire, imperial officials wrestled with the question of how to rule over a Muslim-majority countries and came to see traditional Islamic institutions as essential for maintaining order. Islam under the Palestine Mandate tells the story of the search for a viable Islamic institution in Palestine and the subsequent invention of the Supreme Muslim Council. As a body with political recognition, institutional autonomy and financial power, the council was designed to be a counterweight to the growing popularity of nationalism among Palestinians. However, rather than extinguishing the revolutionary capacity of the colonized, it would become a significant opponent of British rule under its highly controversial president, the Grand Mufti of Jerusalem, Hajj

Online Library Coins And Banknotes Of Palestine Under The British Mandate 1927

Amin al-Husayni. Making extensive use of primary sources from British and Israeli archives, this book offers an innovative account of the Supreme Muslim Council's place within a colonial project that aimed to control Palestinian religion and politics. Roberts argues against the standard view that the council's creation was an act of appeasement towards Muslim opinion, showing how British actions were guided by techniques of imperial administration used elsewhere in the empire.
