In a series of poignant letters, Olga, an elderly Italian woman, writes to her teenaged granddaughter in America, trying to encourage her independence and self-fulfillment as she relates the painful lessons of her own life and that of her daughter. Reprint.

For fans of *The Hen Who Dreamed She Could Fly* and *The Guest Cat*, this inspiring story of courage and determination will resonate with readers young and old -- and especially animal lovers. Includes several beautiful b&w line drawings throughout the novel.

Previously available only through free distribution to prisons, this life-changing book is the result of charitable donations from sales of *Chicken Soup for the Christian Family Soul* and gifts from thousands of individuals.

The internationally bestselling author of *Follow Your Heart* uncovers hope in the midst of tragedy in these three utterly transfixing novellas set in Susanna Tamaro's native Italy. In "Answer Me," an orphaned girl with a troubled past desperately searches for a sign that she is loved while cultivating an inner strength that allows her to persevere. In "Hell Does Not Exist," an abused wife attempts to protect her son, who becomes the source of her greatest joy and her most profound devastation. And in "The Burning Forest," a widower recounts the unraveling of his marriage and seeks the forgiveness of his estranged daughter. Hauntingly powerful and exquisitely written, *Answer Me* is a spiritually galvanizing book by a writer of international stature.

This exciting adventure story follows a family of slaves in the USA in 1860 as they escape from a cotton plantation via the legendary Underground Railroad. An enthralling story of courage and resilience, centring on 10-year-old Tommy, it will fascinate children who might not know much about this secret escape route into Canada that was used by as many as 100,000 people. Ten-year-old Tommy roams the cotton fields of Alabama owned by the notorious Captain Archer. Intimidating guards with fierce dogs protect the land to prevent any slaves from leaving. That is until a supernatural spirit visits Tommy offering a way out. With his banjo slung over his shoulder, Peg Leg Joe guides Tommy, his family and other slaves out of Southern USA, and into Canada through the legendary Underground Railroads. Stretched for miles across the country's vastness, the network famously facilitated more than 100,000 slaves to a new life. For Tommy and his family, the escape is far from an easy ride. The young boy is forced to mature through this testing period and allow his strong will to guide himself and others to safety under the guidance of Peg Leg Joe. Set in the 19th century, D'Adamo's well-constructed novel tells a story distant in time, remains grounded in a reality that still exists today. Millions of people across the globe continue to be enslaved, including children.

This is an all new version of the popular PARALLEL TEXT series, containing eight pieces of contemporary fiction in the original Italian and in English translation. Including stories by Calvino, Benni, Sciascia and Levi, this volume gives a fascinating insight into Italian culture and literature as well as providing an invaluable educational tool.

THE BOOK: The stories in *For Solo Voice*, Susanna Tamaro's first book, explore the historical and emotional traumas which lie beneath consciousness and threaten to erupt into everyday life. She exposes with analytical clarity, spectres of our past that abide in us as individuals and as a society, disfiguring our humanity.

In this fast-paced, reflective novel, (the second in a trilogy following *Strangers and Sojourners*) Michael O'Brien presents the dramatic tale of a family that finds itself in the path of a totalitarian government. Set in the near future, the story describes the rise of a police state in North America in which every level of society is infected with propaganda, confusion and disinformation. Few people are equipped to recognize what is happening because the culture of the Western world has been deformed by a widespread undermining of moral absolutes. Against this background, the Delaney family of Swiftcreek, British Columbia, is struck a severe blow when the father of the family, the editor of a small newspaper which dares to speak the truth, is arrested by the dreaded Office of Internal Security. His older children flee into the forest of the northern interior, accompanied by their great-grandfather and an elderly priest, Father Andrei. Their little brother Arrow also becomes a fugitive as the government seeks to remove any witnesses, and eradicate all evidence of its ultimate goals. As O'Brien draws together the several strands of the story into a frightening yet moving climax, he explores the heart of growing darkness in North America, examining events which have already occurred. The reader will take away from this disturbing book a number of urgent questions: Are we living in the decisive moment of history? How dire is our situation? Do we live in pessimistic dread, or a Christian realism founded on hope? This is a tale about the victory of the weak over the powerful, courage over terror, good over evil, and, above all, the triumph of love.

Fifteen-year-old Ben Warner is dizzy with boredom working at his local fish and chips shop. One evening, a young woman saunters in and, between mouthfuls of chips, invites him to visit her in the World of Ideas. Ben is excited, but suspicious. The World of Ideas is the philosopher's quarter of the afterlife, and adorable Lila has been residing there for thirty years, but being dead is just the start of her

problems. Lila's boss, Socrates, President of the World of Ideas for the last 2,109 years, has made a bet with his rival, Wittgenstein, that philosophy can improve your life. If Socrates loses he cedes the presidency to his crabby nemesis. For the wager, they choose Ben as their unwitting guinea pig, and Lila's mission is to prove to him that his life-annoying sisters, adolescent blues, smarmy boss and all-can be changed fundamentally for the better through philosophy. So begins a mind-bending guided tour through the big questions in life. When is orange not orange? Do we have free will? Does time speed up when your heart beats faster? Charming and full of wit and humor, Lucy Eyre's *If Minds Had Toes* warmly shows that few other questions-how we live and whether our lives have meaning-are more important.

Transform your life. Rewrite your destiny. In his most personal novel to date, internationally best-selling author Paulo Coelho returns with a remarkable journey of self-discovery. Like the main character in his much-loved *The Alchemist*, Paulo is facing a grave crisis of faith. As he seeks a path of spiritual renewal and growth, he decides to begin again: to travel, to experiment, to reconnect with people and the landscapes around him. Setting off to Africa, and then to Europe and Asia via the Trans-Siberian Railway, he initiates a journey to revitalize his energy and passion. Even so, he never expects to meet Hilal. A gifted young violinist, she is the woman Paulo loved five hundred years before—and the woman he betrayed in an act of cowardice so far-reaching that it prevents him from finding real happiness in this life. Together they will initiate a mystical voyage through time and space, traveling a path that teaches love, forgiveness, and the courage to overcome life's inevitable challenges. Beautiful and inspiring, *Aleph* invites us to consider the meaning of our own personal journeys: Are we where we want to be, doing what we want to do? Some books are read. *Aleph* is lived. This eBook edition includes an excerpt from Paulo Coelho's *Manuscript Found in Accra* and a Reading Group Guide!
