The Edexcel International GCSE in English as a Second Language (ESL) is designed as a qualification for either students obtaining their secondary education through English as a medium of instruction, or studying English in order to enhance their future educational or employment prospects. Achievement in this qualification is benchmarked against the Council of Europe's Common European Framework of Reference for Languages (CEFR). The framework has been developed as a design tool. Please refer to the Council of Europe website for more information. This examination series targets a range of abilities; from level B1 (intermediate) to C1 (advanced) of the CEFR. Based on our many years' experience in HSK and IGCSE Chinese teaching and course contents preparation, we find vocabulary level classification is so important. Students can use CEFR levels for self-assessment so that they can more clearly define what they need to work on, and work out what they would like to achieve in their target language. Our Classified Chinese vocabulary list HSK and IGCSE has total 5000 vocabularies with the Best English Translation for better understanding. Many students call it "LIFE SAVING STRAW" for their exam. This book is a great success and encourages us to work beyond it. Based on our pass experience and data collection, by referring the authoritative resources like Cambridge and Oxford dictionary, here is our painstaking effort!

This edited volume addresses issues that promote the notion of Classroom-based Language Assessment (CBLA) for the academic community and beyond. The book explores recent thinking and research on CBLA within the fields of language testing, assessment and general education based on theoretical and research papers presented at the recent CBLA SIG - EALTA Symposia held in Cyprus and the pre-conference EALTA workshops in various countries around Europe. The volume contains 17 chapters which involve both high-stakes tests and classroom-based assessments conducted by academics, professionals and researchers in the field. It brings together high-quality submissions that cover a gap in a research area that has long been in need of theoretical and empirical attention. Overall, this edited collection, with its international scope, offers a ground-breaking resource, bringing together in balanced relationship the fields of education and second language testing and assessment.

The tests will help familiarise students with the format and requirements of the Reading and Writing/Listening and Speaking papers. The With Key edition includes the complete tapescripts and answers for the listening papers, and full examiner's notes for the oral tests. It also contains four exam format practice tests for each of Paper 3, 4 and 5 of the Cambridge IGCSE English as a Second Language (Core and Extended Levels).
