Americans May Add Five Times More Plastic to the Oceans Than Thought. The United States is using more plastic than ever, and waste exported for recycling is often mishandled, according to a new study.

Climate and Environment - The New York Times

Environmental groups are suing the federal government over air pollution from flares at gas processing plants and other industrial facilities.

Groups sue EPA over flares at industrial facilities ...

Nature, in the broadest sense, is the natural, physical, or material world or universe. "Nature" can refer to the phenomena of the physical world, and also to life in general. The study of nature is a large, if not the only, part of science. Although humans are part of nature, human activity is often understood as a separate category from other natural phenomena.
