This article argues that global civil society should be understood as a force for democratic change, one which is implicitly making claims to global citizenship. It explains that global civil society has greater subsidiarity between local, national, regional, and global political arenas and it has forced global institutions to recognize that technical deliberations and the standards they ...

John Keane, a leading scholar of political theory, tracks the recent development of a big idea with fresh potency - global civil society. In this timely book, Keane explores the contradictory forces currently nurturing or threatening its growth, and he shows how talk of global civil society implies a political vision of a less violent world, founded on legally sanctioned power-sharing ...
