Eureka helps students to truly understand math, connect it to the real world, and prepare them to solve problems they haven't encountered before. The team of teachers and mathematicians who created Eureka Math believe that it is not enough for students to know the process for solving a problem; they need to know why that process works. Eureka presents math as a story, one that develops from grades PK through 12. In A Story of Units, our elementary curriculum, this sequencing has joined with the methods of instruction that have been proven to work, in this nation and abroad.

to create a high-energy, fun experience for children. At the same time, children learn coordination skills and the musical concepts of form and expression. Easy to learn and fun to sing, fingerplays and action songs are a wonderful way to engage children, while at the same time plant seeds of musical sensitivity and imagination. This special book, for the first time, collects the most cherished of these songs (some in danger of being lost or forgotten), enabling your family to carry on the tradition of laughter and learning that fingerplays and action songs have inspired for generations!
