How China Escaped the Poverty Trap on JSTOR

In How China Escaped the Poverty Trap, Yuen Yuen Ang drills down into the details of China 's economic rise, challenging conventional explanations by showing how its development was a 'coevolutionary process' between markets and institutions.

Book Review: How China Escaped the Poverty Trap by Yuen ...

Acclaimed as "game changing" and "field shifting," How China Escaped the Poverty Trap advances a new paradigm in the political economy of development and sheds new light on China's rise....

How China Escaped the Poverty Trap by Yuen Yuen Ang ...

Yuen Yuen Ang 's analysis, and China 's success in lifting 800 million people out of poverty - highlights the need for thinking, policy and practice to move beyond the "Good Governance" mantra, and adds much to the emerging outlines of an agenda that focuses on local innovation, learning and adaptation.

Book Review: How China Escaped the Poverty Trap, by Yuen ...

The lens Yuen Yuen uses to understand the China story is unique and powerful. And its value goes far beyond enlightening the China story. It points to the value of decentralized governance in generating strategy variations and the importance of a strong party to coordinate actions. The WDR2017 also gives decentralized governance a spotlight.

A review of How China Escaped the Poverty Trap by Yuen ...

How China Escaped the Poverty Trap offers the most complete synthesis to date of the numerous interacting forces that have shaped China 's dramatic makeover and the problems it faces today. Looking beyond China, Ang also traces the coevolutionary sequence of development in late medieval Europe, antebellum United States, and contemporary Nigeria, and finds surprising parallels among these otherwise disparate cases.

How China Escaped the Poverty Trap (豆瓣)

China's Rural Poverty Alleviation and Development Outline from 2001 to 2010 led to certain government policy directly dealing with the issue of poverty with the removal of agriculture tax in 2006 and a program which the government paid rural families to plant trees on degraded land.

Poverty in China - Wikipedia

How China Escaped the Poverty Trap provides an eminently plausible description of the process by which China escaped (or perhaps is still escaping) the poverty trap, many of the individual pieces of which—for example, the "flying geese" pattern of development, in which the coast developed first and then passed investment inland—will be familiar to those who follow China news in the papers.

"How China Escaped the Poverty Trap" by Yuen Yuen Ang

Over the past 40 years of reform and opening-up, China has escaped the "poverty trap" and reached the upper-middle-income development stage. According to World Bank's international poverty line, i.e., expenditure standard of 1.9 U.S. dollars per person per day, China's poverty rate was as high as 84 percent in 1981, with approximately 840 million people living below the absolute poverty line.

How did China escape 'poverty trap' - CGTN

How China Escaped the Poverty Trap is not just about China and the economic miracle that lifted hundreds of millions of people out of poverty. It is about how development happens, about the coevolutionary mechanisms of governance and market building and how to create the conditions that make this possible.
