this as an example of market failure writ large. What does market failure mean? It means that markets fail to act in the way they are supposed to according to the free-market theories going all the way back to Adam Smith. The basic theory of the free market is that if you add individual rationality to competition, you get a good outcome. The market

How Markets Fail The Logic of Economic Calamities

“Both a narrative and a call to arms, [How Markets Fail] provides an intellectual and historical context for the string of denial and bad decisions that led to the disastrous ‘illusion of harmony,’ the lure of real estate and the Great Crunch of 2008. Using psychology and behavioral economics, Cassidy presents an excellent argument that the market is not in fact self-correcting, and that only a return to
