9200 technically would have the lighter suspension (12K # front end) and lower horse power small bore engines like M11, ISM, C12 or Detroit (lower hp ones). 9400 would have heavier 14K # front end and big bore engines like N14, ISX, C15 and high hp Detroit. This is why the 9200 had the shorter hood, it had a smaller engine bay.
