Features an audio read-along! A creative spirit learns that thinking "ish-ly" is far more wonderful than "getting it right" in this gentle new fable from the creator of the award-winning picture book The Dot. Ramon loved to draw. Anytime. Anything. Anywhere. Drawing is what Ramon does. It's what makes him happy. But in one split second, all that changes. A single reckless remark by Ramon's older brother, Leon, turns Ramon's carefree sketches into joyless struggles. Luckily for Ramon, though, his little sister, Marisol, sees the world differently. She opens his eyes to something a lot more valuable than getting things just "right." Combining the spareness of fable with the potency of parable, Peter Reynolds shines a bright beam of light on the need

Features an audio read-along! With a simple, witty story and free-spirited illustrations, Peter H. Reynolds entices even the stubbornly uncreative among us to make a mark -- and follow where it takes us. Her teacher smiled. "Just make a mark and see where it takes you." Art class is over, but Vashti is sitting glued to her chair in front of a blank piece of paper. The words of her teacher are a gentle invitation to express herself. But Vashti can't draw - she's no artist. To prove her point, Vashti jabs at a blank sheet of paper to make an unremarkable and angry mark. "There!" she says. That one little dot marks the beginning of Vashti's journey of surprise and self-discovery. That special moment is the core of Peter H. Reynolds's delicate fable about the creative spirit in all of us.

The unique writing of Ivy + Bean meets the pep of Clementine and the authentic humor of Dory Fantasmagory in this chapter book series about two girls with the same name and absolutely, definitely, NOTHING else in common. Over the course of a week in school, this bighearted, true-to-life chapter book will resonate with any young reader who's ever felt overlooked, second-best, or defined according to someone else. The first in a series, Best Friends-Ish provides a fresh take on the joys and traumas of elementary school drama. More than anything, second-grader Audrey wants to be the best at something. It always feels like she's not-quite-enough-not smart enough, not fast enough, not funny enough. When her beloved Miss Fincastle announces that a new girl, another AUDREY, is joining the class, Audrey suddenly becomes Audrey L., which makes her feel worse than ever. But is the new Audrey all bad? Might the two Audreys have more in common than just their name? And if the girls become friends, how will Audrey ever figure out how to be her best self-if she can't even be the best Audrey? Visually dynamic and narratively unique, this chapter book series is perfect for fans of the Ivy + Bean, Deckawoo Drive, and The Penderwicks series. TONS OF ILLUSTRATIONS: The book has many black and white illustrations throughout, providing newer readers with the perfect on-ramp from early readers into novels. There's something visual on every page. EMPATHY READ FOR BEGINNING READERS: This book is about embracing people's differences, understanding their similarities, and making new friends. COMING-OF-AGE IN ELEMENTARY SCHOOL: This book encourages young readers to consider and celebrate the things that make them

SPECIAL PREVIEW! A rich and moving story about how one girl's celestial-sized dreams for a future on Mars go heartbreakingly awry when an unexpected diagnosis threatens her future. Things Mischa "Ish" Love will miss when she goes to Mars: lying on the living room floor watching TV, ice cream, her parrot Buzz Aldrin. Things Ish Love will not miss when she goes to Mars: mosquitoes, heat waves, missing her former best friend Tig. Ish is convinced that she'll be one of the first settlers on Mars. She's applied to—and been rejected from—the Mars Now project forty-seven times, but the mission won't leave for ten years and Ish hasn't given up hope. She also hasn't given up hope that Tig will be her best friend again (not that she'd ever admit that to anyone, least of all herself). When Ish collapses on the first day of seventh grade, she gets a diagnosis that threatens all her future plans. As Ish fights cancer, she dreams in vivid detail about the Martian adventures she's always known she'd have—and makes unexpected discoveries about love, fate, and her place in the vast universe. In this story perfect for fans of *Fish in a Tree* and *The Thing About Jellyfish*, Karen Rivers has once again created an unforgettable narrator who will pull readers into her orbit and keep them riveted until the very last page. Praise for *The Girl in the Well Is Me*: "Darkly humorous . . . Honest and forthcoming . . . It's in the quiet moments when Kammie is alone with her thoughts—which become surreal hallucinations—that the book comes alive." —The New York Times "A brilliantly revealed, sometimes even funny, exploration of courage, the will to live, and the importance of being true to oneself. The catastrophe draws readers in, and the universality of spunky Kammie's life-affirming journey will engage a wide audience. Moving, suspenseful, and impossible to put down." —Kirkus Reviews, starred review "Funny, surreal, occasionally heartbreaking . . . A compulsively readable story." —School Library Journal "I dare you to pick up this riveting novel without reading straight through to its heart-stopping conclusion. Karen Rivers has penned a dazzling voice, at once hilarious, heartbreaking, and searingly honest. *The Girl in the Well Is Me* is a triumph." —Katherine Applegate, Newbery Medal-winning author of *The One and Only Ivan* "A gripping story that doesn't shy away from dark places but explores them with heart, humor, and light." —Kate Messner, author of *All the Answers*

Clint Edwards, author of the hit book *I'm Sorry...Love Your Husband*, and the highly anticipated follow up *Silence is a Scary Sound*, is back with a third collection of essays chronicling honest tales of struggling to raise three young kids, making plenty of parenting mistakes along the way and learning to be a better father. After Clint's first collection of stories, which act as an apology to his wife (with essays taking a humorous yet critical look of his role as a husband), this natural follow up will place the author's children at the center of the apology and recount funny and relatable tales of Clint's various parenting fails. Stories will detail incidents of the author half surviving, half ruining birthdays, holidays, vacations and other important milestones in his children's lives, and touchingly examine the ways he makes up for them. With this book exploring the widely universal theme of parenting, new audiences (as well as Clint's dedicated following) will see stories as both a mirror of their own lives and a comic relief from it, and eagerly sink their teeth into this truthful and entertaining narrative. Essays include titles like, "I Changed A Friend's Name in my Phone to Santa and Had Him Text Threats to my Children," "Pro Tip: Pick Up The Dog Poop Before The Easter Egg Hunt," "Reasons My Children Cried At Their Own Birthday Parties," and "I Am A Summer Scrooge." Clint's addicting voice, writing about being a parent around Christmas, Halloween, New Years and more, will help anyone who is a mother or father, who works with young children, is member of a large family or has ever taken care of another human being before relate to and connect with these stories.

From Afua Hirsch - co-presenter of Samuel L. Jackson's major BBC TV series *Enslaved* - the Sunday Times bestseller that reveals the uncomfortable truth about race and identity in Britain today. You're British. Your parents are British. Your partner, your children and most of your friends are British. So why do people keep asking where you're from? We are a nation in denial about our imperial past and the racism that plagues our present. *Brit(ish)* is Afua Hirsch's personal and provocative exploration of how this came to be - and an urgent call for change.
