All too often, a simple lack of understanding of fundamental business concepts is enough to prevent capable scientists and engineers from receiving otherwise deserved promotions. These days, technical merit and hard work alone

Download File PDF Oracle Application Framework

no longer guarantee upward mobility. For scientists and engineers with aspirations of moving up the corporate ladder a keen grasp of business basics is a must.

Presenting concepts in a manner that is easily accessible, The Executive MBA for Engineers and Scientists covers the business principles and applications that

Download File PDF Oracle Application Framework

today's technical managers need to know. The book touches upon all the essentials, including marketing, sales, finance, manufacturing, and accounting. It details technical considerations including quality control, technical services, and R & D and highlights how to effectively integrate business concepts with technical

Download File PDF Oracle Application Framework

considerations. Examples based on the author's experience working in the pharmaceutical industry and with the Food and Drug Administration illustrate how similar situations can occur in other industries and explain how to solve the problems using the same techniques. This easy-reading reference not only facilitates

Download File PDF Oracle Application Framework

the understanding required of today ' s technical professional but also provides a time-saving reference for business men and women on the move upward in sales, marketing, and manufacturing who need to expand their knowledge of technical functions. From break-even analysis to technical quality control, this practical

Download File PDF Oracle Application Framework

guide arms you with the business savvy required to walk into your next meeting with confidence and walk out with an increased sense of accomplishment.

architecture"--Provided by publisher.

Data mining continues to be an emerging interdisciplinary field that offers the ability to extract information from an existing data set and translate that knowledge for end-users into an understandable way.

Download File PDF Oracle Application Framework

Data Mining: Concepts, Methodologies, Tools, and Applications is a comprehensive collection of research on the latest advancements and developments of data mining and how it fits into the current technological world.

Pro Oracle Application Express 4 is your

Download File PDF Oracle Application Framework

key to mastering one of the most innovative products to come out of Oracle in years. Application Express, termed "APEX" for short, is fast becoming one of the easiest and most widely-used of tools for creating enterprise-level applications that run against an Oracle database.

APEX is easy enough for power users to

Download File PDF Oracle Application Framework

create ad-hoc applications atop something more reliable than a spreadsheet. Yet APEX is powerful and extensible enough to enable fully-scalable, enterprise-level applications that are accessed by thousands of users. Authors Tim Fox, John Scott, and Scott Spendolini take you to the professional level in developing for

Download File PDF Oracle Application Framework

Application Express. They show how to handle user authentication in enterprise environments and how to extend APEX by writing components based upon Oracle's new plug-in architecture. You'll learn to deal with localization issues such as time zones and translations, and to customize the look and feel of an APEX

Download File PDF Oracle Application Framework

website to blend in with your corporate branding strategy. The authors also cover web service development, performance and scalability, and the production issues that you encounter in enterprise-level deployments. Many years of experience in solving the “ hard problems ” are coalesced in this book to help you, the

Download File PDF Oracle Application Framework

reader, take advantage of all that APEX has to offer. Focuses on high-end, enterprise-level development Covers new features such as plug-ins and Websheets Introduces the new interface released with APEX 4.0
