December 30, 2016 by Playing My Way. Environments matter. This beginning time of the year in our country, sees literally thousands of Educators across Australia scrambling to ¶get ready for the new year¶. And one of the things about the new year, is that it seems to always want us to make new beginnings. I often wonder about this notion.

The greatest run-scorer in the history of cricket, Sachin Tendulkar retired in 2013 after an astonishing 24 years at the top. The most celebrated Indian cricketer of all time, he received the Bharat Ratna Award - India's highest civilian honour - on the day of his retirement. Now Sachin Tendulkar tells his own remarkable story - from his first Test cap at the age of 16 to his 100th international century and the emotional final farewell that brought his country to a standstill. When a boisterous Mumbai youngster's excess energies were channelled into cricket, the result was record-breaking schoolboy batting exploits that launched the career of a cricketing phenomenon. Before long Sachin Tendulkar was the cornerstone of India's batting line-up, his every move watched by a cricket-mad nation's devoted followers. Never has a cricketer been burdened with so many expectations; never has a cricketer performed at such a high level for so long and with such style - scoring more runs and making more centuries than any other player, in both Tests and one-day games. And perhaps only one cricketer could have brought together a shocked nation by defiantly scoring a Test century shortly after terrorist attacks rocked Mumbai. His many achievements with India include winning the World Cup and topping the world Test rankings. Yet he has also known his fair share of frustration and failure - from injuries and early World Cup exits to stinging criticism from the press, especially during his unhappy tenure as captain. Despite his celebrity status, Sachin Tendulkar has always remained a very private man, devoted to his family and his country. Now, for the first time, he provides a fascinating insight into his personal life and gives a frank and revealing account of a sporting life like no other.

The deafening noise in the Wankhede turns to silence so complete that you'd swear you can hear Tendulkar's footsteps as he begins the walk back to the pavilion. It's the end of an era, they said. No more switching off televisions when he got out; no more resounding chants of "Sa-chi-i-i-n, Sa-chin!" In November 2013, Sachin Tendulkar played his final Test. Dilip D'Souza builds on close and detailed observation of those two and a half days, capturing all the hysteria it spawned, the love and adulation that showered from the rafters at the Wankhede, the choking emotion, and yes, there was a match on too, against the West Indies. Final Test discusses cricket from the old to the new, as Sachin takes to the pitch one final time.

Eleven Gods and a Billion Indians goes deep into every Indian cricket tour since 1886—taking the reader backstage to when India played its first test in 1932, and bringing the story forward to the more contemporary IPL—to provide a complex and nuanced understanding of the evolution and maturity of the game. Equally, it comes with material that has never entered the public domain so far—going behind the scenes of cases like Monkeygate, the suspension of Lalit Modi, spot-fixing, and the phase of judicial intervention. It carries not just reportage and analysis, but also player reminiscences, personal interviews, photographs and letters never known or discussed so far in Indian sporting discourse. Weaving together such material, Eleven Gods and a Billion Indians unflinchingly confronts questions that demand answering, among them: Has internal bickering impacted the on field performance of the Indian cricket team? Did some of our icons fail the country and the sport by trying to conceal important facts during the spot-fixing investigation? And does it matter to the ordinary fan who heads the BCCI as long as there is transparency and accountability in the system? In the end, in telling the story of the role of cricket in colonial and post-colonial Indian life, and the inter-relationship between those who patronize, promote, play and view the sport. Eleven Gods and a Billion Indians unravels the story of a nation now considered the financial nerve centre of world cricket.

"That day I cried like a baby not because I feared what cancer would do but because I didn't want the disease. I wanted my life to be normal, which it could not be." For the first time Yuvraj Singh tells the real story behind the 2011 World Cup when on-the-field triumph hid his increasingly puzzling health problems and worrying illnesses. In his debut book The test of my life, he reveals how—plagued with insomnia, coughing fits that left him vomiting blood, and an inability to eat—he made a deal with God. On the night before the 2011 ICC Cricket World Cup final, Yuvraj prayed for the World Cup in return for anything God wanted. In this book, he lays bare his fears, doubts, and the lows he experienced during chemotherapy—when he lost his energy, his appetite, and his hair—and his battle to find the will to survive. Poignant, personal, and moving—The test of my life—is about cancer and cricket; but more importantly, it is about the human will to fight adversity and triumph despite all odds.
