The Say It With Charts Complete Toolkit [Book]

The pie chart and bar chart are used to compare different components with another at one point in time, but you have data that is showing changes over time, you can use a column chart or line chart. Zelazny says that picking between the two

Download File PDF Say It With Charts The Executives

forms depends on how many data points you are plotting – fewer use the column chart, more (many years) use the line chart.
