Eerie Publications' horror magazines brought blood and bad taste to America's newsstands from 1965 through 1975. Ultra-gory covers and bottom-of-the-barrel production values lent an air of danger to every issue, daring you to look at (and purchase) them. The Weird of World of Eerie Publications introduces the reader to Myron Fass, the gun-toting megalomaniac publisher who, with tyranny and glee, made a career of fishing pocketbook change from young readers with the most insidious sort of exploitation. You'll also meet Carl Burgos, who, as editor of Eerie Publications, ground his axe against the entire comics industry. Slumming comic art greats and unknown hacks were both employed by Eerie to plagiarize the more inspired work of pre-Code comic art of the 1950s. Somehow these lowbrow abominations influenced a generation of artists who proudly blame career choices (and mental problems) on Eerie Publications. One of them, Stephen R. Bissette (Swamp Thing, Taboo, Tyrant), provides the introduction for this volume. Here's the sordid background behind this mysterious comics publisher, featuring astonishingly red reproductions of many covers and the most spectacularly creepy art.

From the author of the #1 New York Times best-selling *How to Avoid a Climate Disaster: The COVID-19 pandemic isn ' t over, but even as governments around the world strive to put it behind us, they ' re also starting to talk about what happens next. How can we prevent a new pandemic from killing millions of people and devastating the global economy? Can we even hope to accomplish this? Bill Gates believes the answer is yes, and in this book he lays out clearly and convincingly what the world should have learned from COVID-19 and what all of us can do to ward off another disaster like it. Relying on the shared knowledge of the world ' s foremost experts and on his own experience of combating fatal diseases through the Gates Foundation, he first helps us understand the science of infectious diseases. Then he shows us how the nations of the world, working in conjunction with one another and with the private sector, can not only ward off another COVID-like catastrophe but also eliminate all respiratory diseases, including the flu. Here is a clarion call—strong, comprehensive, and of the gravest importance—from one of our greatest and most effective*

thinkers and activists.
