The thesis of David E. Phillips' book The Great Betrayal: How America Abandoned The Kurds And Lost The Middle East is, as the title suggests, that the US tragically let down one of its most loyal allies in the Middle East, the Kurds, and in doing so undermined its own position in the region as well as its credibility. Phillips' goal in telling the story of how this came about is clear from the book's dedication, which he dedicates to both his late father and 'breaking the cycle of ...

The great betrayal: How "friendly" MPs and Waspi Ltd want to deprive 2.5 million 1950s women of any money for lost pensions. One would expect the Department for Work and Pensions to fight not to pay 3.8 million women born in the 1950s any money for lost pensions. One would expect Guy Opperman, the pensions minister, and Therese Coffey, the secretary of state for work and pensions, who have good pensions themselves, not to be bothered.

The twentieth century saw dramatic changes in the once Kurd-dominated Kirkuk region of Iraq. Despite having repeatedly relied on the Kurdish population of Iraq for military support, on three occasions the United States have abandoned their supposed allies in Kirkuk. The Great Betrayal provides a political and diplomatic history of the Kirkuk region and its international relations from the 1920s to the present day. Based on first-hand interviews and previously unseen sources, it provides an accessible account of a region at the very heart of America's foreign policy priorities in the Middle East. In September 2017, Iraqi Kurdistan held an independence referendum, intended to be a starting point on negotiations with the Iraqi Government in Baghdad on the terms of a friendly divorce. Though the US, Turkey, and Iran opposed it, the referendum passed with 93% of the vote. Rather than negotiate, Iraq's Prime Minister Heider al-Abadi issued an ultimatum and then attacked the region. Iraq's Kurdish population have been abandoned, once again, by their supposed allies in the US. In this book, David L. Phillips reveals the failings of America's policies towards Kirkuk and the devastating effects of betraying an ally.

In the view of many contemporary scholars, both Jesus and Judaism have been misrepresented by the church for the past two thousand years. Their main point is that Judaism was not a superficial, rigid, and outdated religion, and Jesus did not reject it. In fact, along with his disciples, he remained a Law-abiding Jew his entire life. However, as Christianity developed from a Jewish sect in the first century AD to the official religion of the Roman Empire in the fourth century, the church was transformed, Jesus was redefined, and both Jews and their religion were repudiated and marginalized. In short, both Christians and Jews were deeply affected by what many scholars now call the de-Judaization of Jesus. This book is an attempt to correct the traditional theological and scholarly misinterpretations of Jesus and Judaism that emerged over the first four centuries of the life of the church.
