Endlessly pursued but ever elusive, Moby-Dick roams freely throughout the American imagination. A fathomless source for literary exploration, Melville's masterpiece has also inspired a stunning array of book illustrations, prints, comics, paintings, sculptures, mixed media, and even architectural designs. Innovative and lavishly illustrated, Unpainted to the Last illuminates this impressive body of work and shows how it opens up our understanding of both Moby-Dick and twentieth-century American art. The most continuously, frequently, and diversely illustrated of all American novels, Moby-Dick has attracted some remarkable book illustrators in Rockwell Kent, Boardman Robinson, Garrick Palmer, Barry Moser, and Bill Sienkiewicz, among others represented here. It has also inspired extraordinary creations by such prominent artists as Jackson Pollock, Frank Stella, Sam Francis, Benton Spruance, Leonard Baskin, Theodoros Stamos, Richard Ellis,

Ralph Goings, Seymour Lipton, Walter Martin, Tony Rosenthal, Richard Serra, and Theodore Roszak. The artists reflect in equal measure the novel's realistic (plot, character, natural history) and philosophical modes, its visual and visionary dimensions. Some, like the obsessed and haunted Gilbert Wilson, claim Moby-Dick as their "Bible." Still others view the novel as a touchstone for feminist, multicultural, and environmentalist themes, or mock its status as a cultural icon.

Originally published in 1947, this collection of thirteen short stories, presented in the original Italian, was created with a view towards providing interesting reading material for sixth form and university students, together with the general reader. All of the stories were written in the late nineteenth century or the early twentieth, and are arranged broadly in chronological order. The text is carefully edited, containing an introduction and extensive notes with information on each story and its respective author. This book will be of value to anyone with an interest in the Italian language and its literature.

voi che siate pronti, perché sto per raccontarvi la storia della mia vita. O meglio, come mai è finita. E se state ascoltando queste cassette è perché voi siete una delle ragioni. Non vi dirò quale nastro vi chiamerà in causa. Ma non preoccupatevi, se avete ricevuto questo bel pacco regalo, prima o poi il vostro nome salterà fuori... Ve lo prometto." Quando Clay Jensen ascolta il primo dei nastri che qualcuno ha lasciato per lui davanti alla porta di casa non può credere alle sue orecchie. La voce che gli sta parlando appartiene a Hannah, la ragazza di cui è innamorato dalla prima liceo, la stessa che si è suicidata soltanto un paio di settimane prima. Clay è sciolto, da un lato non vorrebbe avere nulla a che fare con quei nastri. Hannah è morta, e i suoi segreti dovrebbero essere sepolti con lei. Ma dall'altro il desiderio di scoprire quale ruolo ha avuto lui nella vicenda è troppo forte. Per tutta la notte, quindi, guidato dalla voce della ragazza, Clay ripercorre gli episodi che hanno segnato la sua vita e determinato, in un drammatico effetto valanga, la scelta di privarsene. Tredici motivi, tredici storie che coinvolgono Clay e alcuni dei suoi compagni di scuola e che, una volta ascoltati, sconvolgeranno per sempre le loro esistenze. Con più di due milioni e mezzo di copie vendute soltanto negli Stati Uniti, Tredici, romanzo d'esordio di Jay Asher, è da dieci anni uno dei libri più letti dai ragazzi americani.
